PROFESSIONAL SUMMARY

Driven and highly motivated ICT student with hands-on knowledge in IT support, networking, troubleshooting, cybersecurity, and programming. Passionate about technology and solving technical problems efficiently in fast-paced environments. Skilled in diagnosing computer-related issues, supporting users, and learning new technologies quickly. Currently pursuing a Diploma in ICT: Communication Networks while continuously developing practical technical skills through personal projects, Cisco certifications, and self-learning.

TECHNICAL SKILLS

- IT Support & Technical Assistance
- PC Hardware & Software Troubleshooting
- Windows Operating Systems
- Microsoft Office & Computer Literacy
- Networking Fundamentals
- Cybersecurity Fundamentals
- Python Programming
- Java Programming
- Cisco Packet Tracer
- Problem Solving & Fault Finding

- Time Management
 - Communication Skills
-

EDUCATION

Diploma in ICT: Communication Networks

Cape Peninsula University of Technology

In Progress(2026 – Present)

Higher Certificate in Information and Communication Technology

Cape Peninsula University of Technology

Completed (2025)

Grade 12

Phakane High School

Subjects:

- Setswana
 - English
 - Mathematical Literacy
 - Tourism
 - Geography
 - Economics
-

CERTIFICATIONS

- Cisco Introduction to Cybersecurity
 - Cisco Packet Tracer
-

PROJECTS

Python Port Scanner

- Developed a Python-based port scanner capable of scanning open ports and identifying network services.

- Strengthened understanding of networking concepts, sockets, and troubleshooting techniques.

NavalCode

- Developed a programming- focused project to strengthen software development, debugging, and problem- solving skills.
 - Improved understanding of coding structure, logical thinking, and application development concepts.
Simple Network Design (Cisco Packet Tracer)
 - Designed and configured a basic network topology using Cisco Packet Tracer.
 - Gained practical experience in device configuration, IP addressing, connectivity testing, and network troubleshooting.
-

LANGUAGES

- English – Fluent
 - Setswana – Native
 - Xhosa – Amatuer
-

INTERESTS

- Coding
 - Networking
 - Cybersecurity
 - Gaming
 - Reading
 - Learning New Technologies
-

PERSONAL ATTRIBUTES

- Fast learner
- Self- motivated
- Reliable and professional
- Strong work ethic
- Able to work independently
- Passionate about technology and continuous learning
